Oh I wanna be with you all of the time

She's a different kind of girl
She's a different kind of girl

I fell in love with you
It didn't take too long

She's a different kind of girl
Does what she wants to do
And says what she wants to say

She's a different kind of girl

I could belong to you if you take the time
She's a different kind of girl

Does what she wants to do
And says what she wants to say
She's a different kind of girl
Goes where she wants to go
And says what she wants to say

She's a different kind of girl
She's a different kind of girl

Kind of girl
Just look at her face and into her eyes
The way that she smiles
I'll kiss her tonight

Oh I wanna be with you
All of the time

She's a different kind of girl
Does what she wants to do
And says what she wants to say
She's a different kind of girl
She's a different kind of girl
Kind Of Girl

Just look at her face and into her eyes
The way that she smiles
I'll kiss her tonight

She's a different kind of girl
She's a different kind of girl
She's a different kind of girl
She's a different kind of girl
