The just shall live, shall Live by faith
Do do do, Do do do, Do

Verse 1:

Looking around me and it don't look so right
Working on these old problems, working with all my
might
Struggling day to day, wondering endlessly
I can't seem to find the solution of the root, of this
misery
So I hear the word of God which say the just shall live

Chorus

The just shall live, shall live by faith
The just shall live, shall live by faith

Verse 2:

Keep going in circles, and you can't find your way
And the light keeps getting dimmer, feels just like
you're lost in space, yes it does
So you lose your inspiration, I hear you say what's the
use
You conclude that you have done all that you know how
to do
Who's going to see you through?
You better hear me when I say, the just shall live

Chorus

The just shall live, they'll live by faith
The just shall live, shall live by faith

What God is able to do, maybe you just, you just cannot
see

Just like he took 2 fish and 5 loaves of bread and fed 5
thousand hungry souls
He'll do the same for you if you hold on
Hold on, you can make it
Hold on, you can take it
Hold on, you can make it
Hold on, you can take it

He's gonna see you through

Take good care of you
Trust him and obey, he'll make a way out of no way
He's gonna see you through
Take good care of you
Trust him and obey, he'll make a way out of no way

The just shall live, their gonna live by faith
Hang on in there, you can make it by his grace
The just shall live, their gonna live by faith
Hang on in there, you can make it by his grace

Hold on, Hold on
Hold on, Hold on
Hold on, Hold on
Hold on, Hold on

Hold on, Hold on
Hold on, Hold on
Hold on, Hold on
Hold on, Hold on

Chorus
The just shall live, shall live by faith
