I don't wanna see you ever sad
And everything I've got you can have
When it's all too much
You need some human touch
To see it's really not so bad

Did you call on every saint you know
But still you feel like you're on your own
Can you see through your tears
I will always be here
And you're not out there all alone

Chorus:
Hold on, 'till you feel a little stronger
Hold on to me
Hold on, everything's gonna be alright
Just hold on to me tonight

Anything that hurts you, hurts me too
I'm not gonna let your world turn blue
Will you take my hand
And feel how close I am
There ain't nothin' I won't do for you

Chorus

I know the world
Can drive you to your knees
But when you need to cry. baby Cry to me Chorus
