I kiss him goodnight and tell him I love him then I keep
my rendezvous
Knowing that when I go to sleep I'm gonna dream about
you
I can't make my dreams understand that it's wrong
To dream about you when with him I belong
I've made vows to God and I've made vows to man
But I just can't make my dreams understand
[guitar]
My fingers are crossed when I say I'm happy but lying
just don't make it right
And each night when I go to sleep I dream you are
holding me tight
I can't make my dreams...
