This fading light must be playing a trick on me  
How did you walk across the room and change the  
world I see  
I lost my breath, lost my sight  
And the room began to sway  
I look at you, oh, you leave me nothing to say

Chorus:  
Ain't no rhyme, ain't no reason  
It's just a mystery  
Ain't no rhyme, ain't no reason  
For what you do to me

This kind of thing was not supposed to happen to me  
All the walls I built up came apart so easily  
Some kind of spell that I can't shake  
Got a hold on me  
Now, I don't know if I ever want to be free

Chorus

Oh, I'm falling into the mist  
And I'm face to face with a life of emptiness  
Oh, I want to run, but I can't move  
Don't want to give in, but there's nothing that I can do

I lay awake, and try to sort out what is true  
I close my eyes, but all I see is you  
I'm like a ghost, I'm like a shadow  
And I can't go home  
You shake the ground, hey, that I'm standing on  
Chorus
