So it goes  
We're all twelve years old until we die  
If love's a crime  
Then life is just a waste of time

Dying  
Lying

Eliminate shame  
No more first times  
What's a body anyway  
Sentence of time

Live your dreams  
A different movie same old scene today  
There's no "today"  
A puppet dance  
Sophisticated ants

Dying  
Lying

CHORUS

Nailed to a tree  
Only stars bleed  
Faster than me  
Teenage Creem dream

CHORUS
