Please hear me out my friend
I've something to say that's from within
Its a last memory
I'm trying to get back I'll have you see
All of those night we shared
All of those days you were there

I just wanna love you forevermore
And i wanna hold you just like before
And maybe someday, we might just find a way
And we can love forevermore (yeah....)

If I could turn the time
I would have never let you go
And you would still be mine
And I won't be crying all alone
All of the love weve shared
All of the time you were there...

I just wanna love you forevermore
And I wanna hold you just like before
And maybe someday, we might just find a way
And we can love forevermore

oh I'm lost without you
