For silence, for you  
For silence, for you

Pull (the river) you out, the river  
Pour (forever) my heart, forever  
Pull (the river) you out, the river  
Pour (forever) my heart, forever

For silence, for you  
For silence, for you

Pull (the river) you out the river  
Pour (forever) my heart, forever  
Pull (the river) you out the river  
Pour (forever) my heart, forever

For silence, for you  
For silence, for you

Pull (the river) you out the river  
Pour (forever) my heart, forever  
Pull (the river) you out the river  
Pour (forever) my heart, forever\*
