Trapped In A Stairway  
by Paul Jabara

This could only happen to me  
Just when I thought we could be together  
Just when I thought all my dreams have  
all come true

Someone please explain this to me  
If only I've been able to see  
I wouldn't be here  
Alone away from you

Now i am trapped in a stairway  
Lock out of love  
I'm Trapped in a stairway  
Getting out on a shout  
but nobody can hear me

If you kindly look for a key  
To save me from this situation  
To free me from this sad,  
frustration please

Someone please explain this to me  
If only I've been able to see  
I wouldn't be here  
Alone away from you

Now i am trapped in a stairway  
Lock out of your love  
I'm Trapped in a stairway  
Getting out on a shout  
but nobody can hear my plea

Ooohh this is some catastrophe  
oohh someone got it in for me

This could only happen to me  
If only I've been able to see  
I wouldn't be here

Alone away from you

Now i am trapped in a stairway  
Lock out of your love  
I'm Trapped in a stairway  
Getting out on a shout  
got a date getting late

Now I am trapped in a stairway  
Lock out of your love  
I'm trapped in a stairway  
getting out on a shout  
got a date getting late  
I am late out of myth  
in this stage,S.O.S,  
this is off, one more time  
this is me,gonner,rave  
oohh trapped in a stairway  
Trapped in a stairway

This could only happen to me  
this could only happen to me  
thid could only happen to me  
(fading)
