Don't Love You Anymore
(Dedicated to mean exes all over the world)

Verse

Never thought I see the day
That you would move on
Move on your way
When you had to leave
You flew away
Well I don't even know where to go
You're gone
I don't even know
Why I'm fightin' with these feelings

Chorus

Don't love you anymore
Don't love you anymore
Can you see the sun and moon and skies
Can you feel these tears
They don't even lie
Don't love you anymore

Verse

Now you're callin'
Back for me
And I'm saying
Don't want you back
I'm movin' on
I'm being strong
I can't help it
I'm movin' on
Say goodbye
You had your chance
Never thought I see the day
That I would move on
Move on my way and I'm leaving
Flying away

Bridge

Yes I'm movin' on
