Glass House

Chorus:

Take me to the glass house
Tell me what to do?
What will I find now?
It's up to you

Verse:

Ketchup stains on the floor
Kitchen's such a mess
People dirty, it's true
It seems you had a party here
Cause the sink is such a mess
It's true

Verse:

So you took me where you wanted
Thought that you had me
A simple ounce of skin
So you think you knew God
Acting like a fool
It's true

Bridge:

What do you want from me?
I haven't got the key
To the door
