Lori Brown

Chorus:

Get a life Lori Brown, you don't know what your getting
into

Verse:

Innocent people are getting killed
How can you respect that kind of man
I don't mean to judge, but baby you're fudged

Verse:

Sometimes people can do wrong
That's why I need to sing this song
Did I happen to mention, some people need attention

Bridge:

You say you think about him all the time

Verse:

We don't understand why you're making a fuss
You say you love him, I doubt it
