Pop

Verse:

You can't take away my life
Even though you own my name
Can't take what belongs to me
That runs through my veins

Chorus:

Wanna be a pop star
Pretty boy, pop star, pretty girl, pop star
Just a flavour for the week

Verse:

Do I have money to call
Never around, always out of town
What must I do?
To get through to you

Verse:

I can only give my best
Life is better than the rest
I have love and I have fame
I have everything to gain
