Shine

Verse:

Something tells me when you show  
The mornin' shines all the more  
They said don't give up your soul  
But I realize it's a time to give, a time to show  
and now your here, happiness

Chorus

Shine your love to me  
I need love to caress me in the mornin'  
To caress me in the evening all the time  
When will you see that I am goin' through the same  
thing  
The same thing all the time

Verse:

It's a time to inspire  
A time to fly  
It's only you and I  
It's time to do what you want  
Find the time, doin' what you want
