Soul

Chorus:

Hear my voice
Share my land
Walk beside me hand and hand

Verse:

Define what I am from what you see
Not certain what is really me
Let me tell you pain is clear
I am God's child, soul can feel

Verse:

Alone and lost
Sheltered away
Bring me flowers like the birds today
Hear my voice
Share my land
Walk beside me hand and hand

Verse:

Does my eye appear with a form of shame
Nothing was in control, I am not to blame
Tears that are shed, will always run
Human is the inner soul, heart be loved

Verse:

I believe dreams come true
Never feel ashamed anymore
This is destiny calling your name
Higher power, again and again
