Think

Verse:

No more twisted lies
No more wasted cries
Need you here by me
Don't set me free

Chorus:

I like to think
I like to see
I like to hear
Come back to me
I like to feel
I like to taste
I like to hear
Come back to me

Verse:

No more jealous skies
No more selfish highs
Need you here by me
Don't set me free

Verse:

No more faded love
No more facing blood
Need you here by me
Don't set me free
