Try

Verse:

I want to grow old with someone  
Who will take care of me  
And love me till the day I die  
I want someone to give me the attention I need  
This may sound a bit strange  
But this is what I need  
I want to spend my life with someone for the rest of my  
days  
I want to have a family and know what it's like to share

Chorus:

Can you offer me this?  
Are you willing to try?

Verse:

I want to hold on to someone in the middle of the night  
I want this in my life  
I want someone to meet my mom and dad  
They are such nice people  
They have such a strong bond  
And I have brothers and sisters too  
That I would like you to meet  
I will give you everything that I am

Bridge:

Nothing's real anymore

Verse:

But you do not exist and you never will  
So I continue loving the music and so will you
