Weird

Chorus:

Weird, ta ta ti ti, syncopa

Weird is something unusual

Verse:

I may be weird and something unusual may turn me on  
Weird, I find average things boring and it isn't though I  
am mad

Weird, I just like to occupy my mind with more  
interesting things

Mother says I need a doctor

Verse:

Weird, what may excite you is something I have seen  
before

Weird, spin the bottle

Weird, that's not all I've lost, sorry it does nothing for  
me
