Hit it

We should shine a light on  
A light on  
And the book of right-on's, right on  
It was right on

We should shine a light on  
A light on  
And the book of right-on's, right on  
It was right on

Yo, I try to get it how I live it  
A lotta people counting on me, kinda like a digit  
It's a cold world, I'm not frontin' like it isn't  
It's no time for comin' up shorter than a midget

Ya'll know I'm a raise the bar though, like bitchin'  
You see all them stars don't blink, you might miss it  
It's precious cargo, you gotta be strong to lift it  
The light comes in different types, be more specific

Shit, I'm black thought, what could be more prolific  
For this love I go above, beyond the limit  
I told ya'll I'm above and beyond the gimmick  
I get into your head and spread like a pandemic

I never put myself in a race I can't finish  
I'm well grounded, founded on the same premise  
As any man with a hitlist, it's about business  
Yo, can a brother get a witness?  
Dig it, right on

We should shine a light on  
A light on  
And the book of right-on's, right on  
It was right on

We should shine a light on  
A light on  
And the book of right-on's, right on

It was right on

Alright

Okay, I'm above and beyond hot  
My measurement in watts  
Time rate and flow of energy  
Ain't never gonna stop

Pressure's on I won't pop  
Microphone I won't drop  
Gemstones, niggas caught me  
Shit if I ain't in the spot

Still rhymin' on the hot  
New star on the hip  
I shine a light for the future  
So my presence a gift

It's evident I'm heaven sent  
With time and add it elements  
Reference for what I represent  
To show my benevolence

This is Philly  
I'm rapping for the art of the city  
Came from southwest Atlanta  
Gave my heart to the city

With slugs flying, thugs crying  
Every part of it's green  
Nigga's shootin' up the club  
Like they partyin' with Diddy

Get the diggy  
I bring my incandescence to florescence  
And In essence  
I can burn out more energy per second

I put morning lesson  
While I'm smokin' on the blessing  
A switch hit like Pete Rose  
Let's hit a session  
Right on

We should shine a light on  
A light on  
And the book of right-on's, right on  
It was right on

We should shine a light on

A light on  
And the book of right-on's, right on  
It was right on

Take it to the very top  
I'm gonna do a snare roll
