(Don Everly)

Just when I think I've forgotten you
And our cheating love's at an end
I vowed to myself I'll see you no more
But here we are again.

That dimly cafe where I first met you
Slowly has turned into our secret rendezvous
Our vows belong to others that makes our love unfair
But I just can't seem to find a way to end our love
affair.

Just when I think I've forgotten you
And our cheating love's at an end
I vowed to myself I'll see you no more
But here we are again.

--- Instrumental ---

Just when I think I've forgotten you
And our cheating love's at an end
I vowed to myself I'll see you no more
But here we are again...
