I forgot more than you'll ever know about him

Now you think you know the smile on his lips  
The thrill at the touch of his fingertips  
But I forgot more than you'll ever know about him

Now you think you'll find a heaven of bliss  
In each caress, each tender kiss  
But I forgot more than you'll ever know about him

You stole his love from me one day  
You didn't care how you hurt me  
But you can never steal away memories of what used  
to be

You think he's yours to have and to hold  
Someday you'll learn when his love grows cold  
But I forgot more than you'll ever know about him

Now you think he's yours to have and to hold  
Someday you'll learn when his love grows cold  
But I forgot more than you'll ever know  
I forgot more than you'll ever know about him
