I MISUNDERSTOOD

(Wanda Jackson - Wendell Goodman)

© '62 Combine Music

I misunderstood right from the start  
While you gave just kisses I gave you all the love in my  
heart  
I misunderstood how foolish I was  
To think you would love me you never could but I  
misunderstood  
I misunderstood your intentions for they seemed right  
to me  
You showered me with attention and lies I wanted to  
believe  
I misunderstood so darling you should  
Love me or leave me I love you though I misunderstood  
Love me or leave me I love you though I misunderstood  
Love me or leave me I love you though I misunderstood
