You turned down the love that I tried to give you
Tore out my heart and my will to live
I won't deny I still feel the same
If I had it all to do over I'd do it all over again

I'm a fool to feel you the way I do
'Cause only a fool would keep on loving you
So I'll take the hurt and I'll take the pain
If I had it all to do over I'd do it all over again

I can't erase these memories of you
I can't forget the sweet kiss that I knew
Oh, where is my pride, where is my shame?
If I had it all to do over I'd do it all over again
If I had it all to do over I'd do it all over again
