It's such a pretty world today, look at the sunshine  
And everyday's the same since I met you  
It's such a pretty world today knowing that you're mine  
And happiness is being close to you

And though the rain may fall our skies will all be blue  
If I look close enough the sun will come shining through  
It's such a pretty world today, look at the sunshine  
Today and every day since I met you

And though the rain may fall our skies will all be blue  
If I look close enough the sun will come shining through  
It's such a pretty world today, look at the sunshine  
Today and every day since I met you

Today and every day since I met you
