Today I started loving you again  
I'm right back where I've really always been  
I got over you just long enough to let my heartaches  
mend  
And then today I started loving you again

What a fool I was to think I could get by  
With only these few million tears I've cried  
I should have known the worst was yet to come  
And that crying time for me had just begun

Today I started loving you again  
I'm right back where I've really always been  
I got over you just long enough to let my heartaches  
mend  
And then today I started loving you again  
Yes, today I started loving you again
