You took him off my hands
When you've stepped in
You changed everything
We're not even friends

Don't leave the job half done
Leave nothing behind
You took him off my hands
Now please take him off my mind

Please take his photograph
My heart's so blue
Take all his memories
He now belongs to you

Don't leave the job half done
Leave nothing behind
You took him off my hands
Now please take him off my mind

Please take his photograph

You took him off my hands
Now please take him off my mind
