(Hank Williams)

The news is out all over town
That you've been seen out running round
I know that I should not complain
I love you still, you win again.

This heart of mine could never see
What everybody knew but me
Just trusting you was my great sin
What can I do, you win again.

--- Instrumental ---

I'm sorry for your victim now
For soon her head, like mine will bow
She'll give her heart but all in vain
And someday say you win again,

You have no heart, you have no shame
You take true love and give her blame
Just trusting you was my great sin
I love you still, you win again...
