I can't help braggin' 'bout my man,
'Cause I've got the sweetest made,
And believe me, he is my pal,
Done made me his flame.
He gives me seven night and day,
He'll do anything I say,
I will tell you why I'm gay,
And just why I rave:

Everything my sweetie does, suits me 'cause my
sweetie does
Everything that really pleases me!
Everything my sweetie says, suits me 'cause my
sweetie says,
Everything that fills my heart with glee!
Can he dance? Can he sing?
Just let me tell you now!
He can really do that thing!
I'll tell you, he's a wow!
For everything my sweetie does, suits me 'cause my
sweetie does
Everything that really pleases me!

He's got a way to make love that sure will bring results,
And when I'm around my turtle dove,
Oh, doctor, feel my pulse!
Oh, everything my sweetie does, suits me 'cause my
sweetie does
Everything that really pleases me!
