Papa, papa, let me tell to you  
Daddy, daddy, here's what you must do  
When you come around to precious turtle-dove  
Better come here ready if you want to win my love

Get it fixed, whee papa  
Get it fixed, to treat me proper  
Don't come round tellin' me a lot of lies  
Cause a lyin' man I do despise

Get it fixed, I ain't screamin'  
I won't do all your tricks  
I don't want no messin' round with my sweet love  
So daddy get it fixed

Papa, papa, better do your stuff  
Daddy, daddy, but don't be too rough  
Mama want some lovin' kisses right away  
Want 'em when I want 'em, come on honey don't delay

Get it fixed, please papa  
Get it fixed, do love me papa  
Don't make me think you've got a lot of dough  
If you ain't got nothin' please tell me so

Get it fixed, don't fool me  
Don't get your digs on me (?)  
I won't stand no leavin' till you win my love  
So daddy get it fixed
