New York City life (we love America)
San Francisco climb (it's an hysteria)
Boom Las Vegas night (casino superstar)
Love Miami Vice (forever in my life)

Shine! San Diego sun (I gotta see your light)
Dallas with J.R. (you're gonna break my heart)
Bang, bang, bang, oh baby give me your dollars in my
hand
(I met your children)

Living in America (America)
Living in America (what did you tell them?)
Living in America, living in America
Living in America, living in America (I met your
children)

Living in America (America)
Living in America (what did you tell them?)
Living in America, living in America
Living in America, living in America (I met your
children)

California sun (we love America)
Arizona fun (it's an hysteria)
Cold Nevada night (casino superstar)
South Dakota rice (forever in my life)
