Don't stop  
Isn't it funny how you shine?  
Don't stop  
Isn't it funny how you shine?

Here the sea spray give  
I was with her  
We're under the ship so get me over  
Now that was me  
Listen  
Now she fishes now  
Listen

There was no one out there we used  
There is the news for me useless  
Now so much waste  
How we'll be teased

Don't stop  
Isn't it funny how you shine?  
Don't stop  
Isn't it funny how you shine?

Oh won't you just ask me  
You're an imbecile  
What's the matter for everyone I feel  
Pain blues singer  
He's playing just a guitar  
From the top

I wake I still look I feel loose  
We're all here now who's the first  
Ease into my heart  
He must be one of us

Don't stop  
Isn't it funny how you shine?  
Don't stop  
Isn't it funny how you shine
