You know it

You show it

And the time has come

To shoot you down

What a sound

When the day is done

And it all works out

I'd love to do it and you know you've always had it  
coming

You know it

You show it

And the time has come

To shoot you down

What a sound

When the day is done

And it all works out

I'd love to do it and you know you've always had it  
coming

I never wanted

The love that you showed me

It started to choke me

And how I wish I'd said

No too slow

I couldn't take

That too fast

I want you to know

You know it

You show it

But I can't back down

It's far too late

I can't wait

Now the time has come

It'll all work out

And when this

Thing is done

It'll leave no doubt

So when you've

Had your fun

Will you all walk out?

I'd love to do it and you know you've always had it  
coming

I'd love to do it and you know you've always had it  
coming

I'd love to do it and you know you've always had it  
coming
