Come with me to a place no likes I've ever seen
A million miles from here where no one's ever been
God-given rays and a holy heaven phase [?]
I'm on the edge of something shadowy
I'm coming through
"Ok, let's fly," she says, "this carpet's made for two"
This room be [?] a little box, no place for me and you
Our carpet falls on a dew-fresh daffodil plain
Take a look around, there's something happening
All the colors fade
I don't want you now, bang bang bang gone
Ooh I don't need you now, the seeds are sown
Ooh bang bang pretty pretty, bang bang
I don't think so, no no
I don't think so, no no
Bang bang, bang bang
Out below the country rolls like a mighty boiling sea
The warm red sun gives up and sinks into the tree
But I've no pill [?] I can't stand here betrayed
Take a look around there's something happening
All the colors fade

I don't want you now, bang bang bang gone

Ooh I don't need you now, the seeds are sown

Ooh bang bang pretty pretty, bang bang

I don't think so, no no

I don't think so, no no

Bang bang, bang bang
