Bach, Bolan, Hill, Snake)

Give a minute Å'cause IÅ¹m wrapped in superstition

Pour me a chemical to take away the edge

DonÅ¹t make up anything thatÅ¹s breaking all your fingers

Just slap around a bit of what it takes to pledge

Carry out another stone as a slave

Ask general-know-it-all Å³WhoÅ¹s juggling the earth
?Å²

Tease all the natives that will walk across your grave

And shove aside your nation all for what itÅ¹s worth

Chorus

Beat yourself blind (Repeat 6x)

An open eyes and a closed mind

Look at the suit in suspended animation

A faded outline that used to be a man

A piece of paper thatÅ¹s fallen out a window

Has got a better chance to know where it will land

Repeat Chorus

To bleed in vain, to bleed in vain -- under my eyes are
painted skies

Down at the boneyard, theyÅ¹re digginÅ¹ up the relics

Handfuls or parasites thrown into machines

I got the phone call they're tearin' down the mission

The zombies had a ball, but don't know what it means

Beat yourself blind
