Tricky little Vicky walks along South Street

She learned her French from the boys that she'd meet

I gotta laugh when I hear them say

She's a sweet little cheese when the cat's away

I know what you been trying

What you got ain't worth buying

Can't make living working door to door

Shake, shake, shake it like a rattlesnake

Boom, boom baby out go the lights

Shake, shake, shake it like a rattlesnake

Staying up late doing the rattlesnake shake

Juicy Miss Lucy always diggin' on junk

She's on the corner talkin' trash with the punks

Her buried treasure is so easy to see

'Cause talk is cheap and so is she

You're lost in search of passion

(But) Prince Charming ain't in fashion

So let it bleed if you wanna stay

Shake, shake, shake it like a rattlesnake

Boom, boom baby out go the lights

Shake, shake, shake it like a rattlesnake

Staying up late doing the rattlesnake shake

Shake, shake, shake it like a rattlesnake

Boom, boom baby out go the lights

Shake, shake, shake it like a rattlesnake

Staying up late doing the rattlesnake shake

Shake, shake, shake it like a rattlesnake

Boom, boom baby out go the lights

Shake, shake, shake it like a rattlesnake

Staying up late doing the rattlesnake shake
