Music is what we like to play
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
All day, all day, all day, all day, all day
To soothe your soul, yeah, yeah

Down at the beach or a party in town
Making love or just riding around
To soothe your mind, yeah

Music is what we like to play
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
All day, all day, all day, all day, all day
To soothe your soul, yeah, yeah

Let's have a picnic go to the park
Rolling in the grass till long after dark
To soothe your mind, yeah
Yeah, yeah, yeah, yeah

Down at the beach or a party in town
Making love or just riding around
Let's have a picnic go to the park
Rolling round till long after dark

Down at the beach or a party in town
Making love or just riding around
Let's have a picnic go to the park
Rolling in the grass till long after dark

Down at the beach
