It was a good day L.A. everybody was a rocking have a
good time
Throwing out a peace sign throwing out a peace sign
Well I woke up took something special made me feel
kinda crazy so I had to
Stop
Take a look around had to take a look around
You know it felt kind of funny but it felt real good
Everybody in the neighborhood smiling looking good
they had it going on
You know they had it going on you know the sun was
shining and it shined on
Me
So I jumped on my Harley took a cruise through the
neighborhood
