Open up your eyes and take a look around  
See if what you saw is more than what you've found

CHORUS:

Have you given up all of your dreams?  
Have you given yourself to the things that push  
everyone away?  
Are you satisfied? Are you satisfied?  
Do you feel alive? Are you satisfied with your life?

The grass is always greener on the other side  
But when you try to cross you see it's all a lie

CHORUS

There's more to life than this  
There's more than emptiness, there's more than what  
they tell you you can have, than you can be

Are you satisfied? Are you satisfied? Are you satisfied?  
Are you satisfied?  
Do you feel alive? Are you satisfied with your life?
