Switch blade dance
And your friend goes down
I'm gonna hit you once and you'll kiss the ground
It's a sweet romance
No good and clown
Boy listen there's a new kid comin' and he's gonna
rock this town 0 his gonna rock it
I see the writing on the wall
No one's to blame nobody's fault
Step by step - I got lost and never found
Step by step - can't find my way around
Step by step - take a break, don't you put me down
Step by step - hands down - I'm busted to the ground
Kids gettin' tough
It's like a civil war, a proper war
You better keep your ass behind that solid door
Looks like it's never enough
You keep on comin' for more
Some body tell me why and what we're fightin' for
I'm standin' back against the wall
Which one of us is gonna fall
