If I told you what's inside of your mind  
Would you face it or tell me that I'm being unkind  
Can you see just how your instincts are ruling your  
head  
Do you know that if you follow them you're soon to end  
up dead  
There is more to us than I'll kill you before you can kill  
me  
It's there in each of us  
I know it's here inside of me

I know fear way down deep  
I smell fear, fresh meat  
I'm not like you  
I use what's in my head  
I think  
I know which side comes out ahead  
I think

Anger bringing you down like an animal  
Crawling around on the ground  
I see you hanging there another helpless piece of meat  
Unthinking empty head for all the other animals to eat  
They smell your fear rabid dogs nipping at your feet  
They will tear you down  
Your brainless head will taste so sweet

I know fear way down deep  
I smell fear, fresh meat  
I'm not like you  
I use what's in my head  
I think  
I know which side comes out ahead  
I think

In your mind you draw that line  
Are you gonna shine or will you flatline  
Which side, you decide

Is it a gift, a curse, or is it something worse  
A weapon, a tool, you a hero or a fool

I know fear way down deep  
I smell fear, fresh meat  
I'm not like you  
I use what's in my head  
I think  
I know which side comes out ahead  
I think
