WARHEAD]

More than just dissatisfaction with politics;  
We ask the politicians to shut up. No more lies,  
Bigotry and corruption that they receive salaries for,  
A normal person can't even imagine.

You can speak as a man  
You can walk as one  
Can be proud of your past  
And the things you've done  
All I read from your lips  
Is sweeter than gingerbread  
Mr. President, I'm awake  
Shut your mouth, for God's sake

SHUT! SHUT! SHUT!  
SHUT YOUR MOUTH! SHUT, OH PLEASE  
SHUT YOUR MOUTH! SHUT, SHUT UP!

You promise good, promise work  
Money for everyone  
But the best jobs in town  
Are for your daughters and your sons  
Why do you get the most  
In this motherfucking land?  
Well, because all you give  
Is flowing back to your own hand

SHUT! ...
