Out of the chaotic times
There grew a beast
A form of terror
To strike down openly

The ultimate form of cynicism
That ever stalked the earth
Had left us wondering
What lurks inside of us

The realm of torment, an admonition of eternity
Terror beyond belief, a warning of history
In the realm of torment, the mirror reflects black
No limitations for the evil that men do

The battered earth
Lies in ruins and ashes
Underneath the ground
Traces of his reign of terror

Mass destruction as a routine
Act of warfare
Darkened souls lost the battle
With conscience

The realm of torment, an admonition of eternity
Terror beyond belief, a warning of history
In the realm of torment, the mirror reflects black
No limitations for the evil that men do

Decades later, this age of damnation
Stands uncovered
But the human mind is still not
Able to understand

The ultimate force of cynicism
That ever stalked the earth
Had left us wondering
What lurks inside of us

The realm of torment, an admonition of eternity
Terror beyond belief, a warning of history

In the realm of torment, the mirror reflects black
No limitations for the evil that men do
