[lyrics: breitenbach]

[arranged by breitenbach]

honesty! misery! creep on knees to be free
don't you see, suffering is all you've got to feed the
kings
self-defence! ignorance! second hand perplexity!
all that stuff are swellings of our cowardly society

if you don't ever close your eyes, you'll see what for
your courage dies
cash is where the power rules, go perish on a ship of
fools
you're not just only meaningless, you're dragged into
unconsciousness
but give a shit where you might go, it's all the same,
the folks are only

dust, only dust
dust, only dust is what lasts
bloody hands are the sense, it's your cheat
so how long will you die for their greed?

good part for each

masquerade! glittering! free from care, everywhere
funny face! "mercy-b"! honest work! you are free!
whet your ellbows, go to score, try to win the social war
kill your brother when you must, if you don't want to be
the lost!
our politix sell weapons to the middle-east fascism
clans
while they decide in silent rooms their insatiable
budget plans
so snatch-up what you still can grip, the hell awaits your
final trip
with or without a cadillac you'll end up in the same
disease, it's

dust, only dust...

look the truth in the eye, all you give, all you try
think it up, think it down, get a grip, you're on your own
powerful, merciless, the law comes down to break your
chest
in the end you will know, finished man, get a bow

when will you ever realize, the final path is suicide?
the time is right for "red-alert", go on, defend your
lives on earth
justice meets establishment, no poor control the
government
woe to those who try to change, the mills of life will
grind you up to

dust, only dust..

good part for each
