Lyin'â,ç awake at night
Thinkin'â,ç about my life
Train rumblin'â,ç thru our town
Walls shake like they'â,çre coming down

You sleep like nothings wrong
You don'â,çt know tomorrow I'â,çm gone
You don'â,çt hear the whistle'â,çs sad cry
You don'â,çt see the tears in my eyes

Chorus:

I wish I were a train rolling on a track
With three choices
Stop on a dime move ahead or go back
But I can'â,çt go back and face the pain
So I lie here and wish I were a train

Baby once we had it all
This ain'â,çt nobody'â,çs fault
Seems like everything changed
Love just up and moved away

Chorus:

On a train rolling on a track
With three choices
Stop on a dime move ahead or go back
But I can'â,çt go back and face the pain
So I lie here and wish I were a train Repeat Chorus:
