Cold city like the eyes in the subway station

It's ten stories to my desk in the smoggy sky

But after five, I'm headed home to heaven

To an easy world

There ain't nothin like the love of a small town girl

Hot coffee and the sound of her sweet voice callin

Country station on the kitchen radio

That's how I know theres still a little magic in this crazy world...

There ain't nothin like the love of a small town girl

She makes love to me and we're close to part harmony

She makes the city feel like walks in the cool country rain...

No traffic and the sound of the street is quiet...

Fifth avenue is dressed in a coat of snow

No where to go but underneath the covers

Lovers while the snowflakes blow

There ain't nothin like the love of a small town girl

There ain't nothin like the love of a small town girl
