Some One To Love You
Ruff Ends

I bet you that i could read your mind,
and tell you everything your going through,
baby im pround to find i found the reason why your
alone and acting so cold,
tell me how long you been this way,
maybe i can open up your heart,
see i've been waiting all my life for someone just like
you and i know you've been waiting to,
for someone to love you

CHORUS

all you need is someone who cares(someone to love
you)
someone who will always be there
all you need to say is that you want me to be with you,
girl i know you've waited so long,
for someone to love you,

baby i wish i could be there
for everytime you ever shed a tear
baby i hate to see i pretty girl like you going through
the things that you do
girl i think you come to find to long
to find a good man to make you smile
how can i appeal to you and make you understand that
im here when you ready for
for someone to love you

CHORUS

all you need is someone who cares(for someone to
love you)
someone who will always be there
all you need to say is that you want me to be with you
girl i know you've waited so long
for someone to love you

baby you been waiting for the man from all the fairy
tales or maybe just the man from all your dreams

i try to think reality is nor the possibility cause girl you
know you've waited for so long
for someone to love you

CHORUS OUT
