Oh, sometimes I feel like I all I got is my mother's love
My girl's kisses, my daughter's hugs, my pop's talks,
my real nigger's!
With my little brother tell me I'm the realest
That's the way you tell me that you love me, and I feel it
You ain't got no fucking love for paper
Question mark, send some words
Man, I'm about to get these niggers death...
Fucking with these bad broads, man I'm siting in the
cold
And I hear it's a cold world, when you're finally famous
Niggers tell you to take care, but they don't really mean
it
But fuck it, my ambition is written in section 80
That's just a little love for the niggers they killed lately
See ... and the hate can't break a nigger like me
My crew, my .. can't shake a nigger like me
Cause I come from a city where I ... one's rap
Ain't shit popping, all that bullshit need to stop!
Where is the love?

Chorus:

I said where is the love!
I said this is a slaute for my real niggers
Instead of hating, give me something I can feel, nigger
Where is the love?
My nigger, where is the love?
I can tell about all that talking, you ain't real, nigger
Now I'mma ask you one more time before I kill niggers
Where is the love?

No, I guess I ain't shit like
...ain't ever played my head
Like I ain't...
I ain't hit the.. sipping on that... no
I ain't ever spit on rap city,
I ain't ever host a ... without a major record deal!
Like me ..never played the ...
...never told me I was... I am just a ...
No ..these niggers pay for all my gym shoes
Guess it's nothing that a nigger ever been through

And damn, I can't... I'm just lying...
Guess I'm never next to blow
And ... never told me that my... was dough
Like everything I ever told you was just wrong
Paper, why you even put me on this fucking song?
Nigger, where is the love?

Chorus:

I said where is the love!
I said this is a salute for my real niggers
Instead of hating, give me something I can feel, nigger
Where is the love?
My nigger, where is the love?
I can tell about all that talking, you ain't real, nigger
Now I'mma ask you one more time before I kill niggers
Where is the love?

...big in nine seven
..in nine, nine, but love is the greatest weapon
To write when I see these niggers, hate when I forgave
them
Better believe I know the script is the right, never
forsake...
So why let 'em live? Miami all Sundays
Cool is like Maybach, we don't promote the downplay
However, if somebody does happen to catch the...
I'm spot on, but ... I ain't the shooter, no!
Blue color like I'm creeping, blue color coalition
Steve lifting the sponsor, a few dollars for the mission.
Few shots, cause you niggers are six
...either love me, or leave me alone
God damn it, where is the love?
I said where is the love?

Chorus:

I said where is the love!
I said this is a salute for my real niggers
Instead of hating, give me something I can feel, nigger
Where is the love?
My nigger, where is the love?
I can tell about all that talking, you ain't real, nigger
Now I'mma ask you one more time before I kill niggers
Where is the love?
