The beast in me is where it started  
The least in me is where the art is  
Nothin dear to me, its all departed  
Home ain't where you bleed, it's where the heart it  
Where the heart is, Where the heart is  
Where the heart is

[PAZ]

Feeling like I'm burning up a tailpipe  
But I'll make it feel like-- What you wanna feel like?  
Cause I'm on a deal right and you'll never fight back  
If you wanna fight back ougta make it feel right  
(Right?)

Lover not a fighter but I'll beat you  
Cause I wanna eat you, fuck it ima EAT YOU  
And I'm gonna lick it on a skillet with a bird poo  
I don't wanna hurt you, but I fuckin need to

Take another vitamin and swallow it and follow it  
And chase it with the barrel of a nine and drink a  
hollowtip  
Rippin through the bottom of your body from your bum  
to your lungs to your tongue to the back of your  
esophogus

Don't make me do it...  
Now I'm gonna rip right through it...  
My bitch got that fever...  
Love me like Justin Bieber

Yeah motehrfucker I'mma dumbshit, but I'm on a  
function  
And I'm on a hundred, and I'm gonna punch it, stab it  
Take it anyway that I can grab it  
Bitch you'll never have it, cause I fuckin run shit

And I'm gonna light it, then I'm gonna bite it  
Then I'm gonna line to the rifle sight it  
Then I'm gonna chk, chk, click, click, flip like manic

Never gonna sink my ship, Titanic

Stingin like a motherfuckin bee, but I'd rather be a  
beetle  
With a fuckin needle stickin through the back of my  
abdomen  
What the fuck is happenin  
Rather be in church, they know how to treat a Fetal

Lamb, but I'm lookin like a Tyga  
With a fuckin lighter, higher than a glider  
Gonna go back to Iraq and I'm never comin back  
Till they rip them moterfuckin wings off that spider

CHORUS

[PAZ]

Come into the ring and take a first swipe  
Wanna take a first bite, tell me what it feels like  
Does it make you scream out, when you fuckin bleed  
out  
When I pull the teeth out, man it fuckin hurts right?

Little bit of pain to make you feel it  
Them I'm gonna heal it, then I'm gonna peel it  
Then I'm gonna roll it up and fold it up and seal it  
I don't wanna smoke it, I just wanna deal it

Rip into the body and I'm shaking it and breaking it  
And flip it over throw it in the oven and I'm baking it  
And tear into the meat and feel the blood, make it drip  
From the tip of your lips, till you wanna put in a stake in-  
--

Then I'm gonna take another rabbit from the back  
And then I'll hit it with a bat, and then I'll put it on the  
rack  
And then I'll stick another fork into its head till its red  
I don't think it really care its dead...

Give me everything and then I'll TAKE THAT  
Cause I wanna break that, and I wanna break dance  
Cause I'm biting off a little more than I can chew and at  
the moment  
I'mma foamin at the mouth like a dingbat

Yeah, yeah, yeah, my jam...  
I'mma take everything I can...  
Enterrer mon frÃ"re...  
Everybody throw your hands in the air

And I'll cut em off in one swipe, gonna make it one bite  
Gonna make it burn like, you ain't never burned right?  
And I'll make you turn right, when you wanna turn left  
Where you gonna turn next? Everybody flirts right?

Everybody sing this, everybody bring this  
Williams: Serena and Venus  
If you wanna serve me, you ain't gotta hurt me  
You ain't gotta work me, but you gotta FEED THIS

Thanks to d
