Tragic was the memory  
A sacrifice of broken dreams  
It turned the sky a fiery red  
And dropped this curse onto my head  
For forty days an forty nights  
I slept all day I worked all night  
With a burnin' hunger I said goodbye  
To every victim that caught my eye  
I have no mercy  
I tell no lies  
I kiss the strangers  
And then watch them die  
By the light of the moon  
I feel a strange desire  
By the light of the moon  
I hear the devils choir  
Oh I am I said  
The queen of the dead  
I bring the kiss of death  
Now the sun is fallin  
Soon the night willl be callin' me, callin' me

With a bloody huner inside my chest

I lift my head above this mess

I walk the streets all through the night

To quench my thirst before the morning light

There is no witness

No alibis

This is the nightmare you will

Not survive

chorus

- solo -

I have no mercy

I tell no lies

I kiiss the strangers

And I watch them die

By the light of the moon

I feel a strange desire

By the light of the moon

I hear the devils choir

By the light of the moon

I feel a strange desire

By the light of the moon

I hear the devils choir

Oh I am I said

The queen of the dead

Bythe light of the moon

I am the kiss of death
