Mama says there's trouble, yea trouble on the streets
today

She says all the little ones got nowhere, nowhere to
play

And she's right, yes indeed she's right

But she don't believe

That I will chnge it all someday

Peoble keep pushin' me, pushin' me everyway

They think I'm gonna keep takin' it, takin' it everyday

But they're wrong, yes indeed

I'm strong

Built for speed

I will change it all someday

Chorus:

There's a 3 minute warning

Before the wistle blows

There's a three minute warning, before I overload

I'll give you 3 more minutes 'fore I lose my head

3 more minutes an you'll wish you were dead

Thre's a 3 minute warning

Before I lose control

There's a 3 minute warnig before I overload

Gonna talk to Alex he's the only one who understands

There's nothin' like a stranger in a strange land

I'll get along, yes, I will

I'll be strong, strong until

The last day passes through my veins

Chorus

- solo -

I'll get along ...
